

YOU'RE INVITED!

Rocky Run Pathway Feasibility Study Public Workshop

Monday, February 10, 2025
4:30 p.m. - 6:30 p.m.

Talleyville Fire Co., Station 25
3919 Concord Pike
Wilmington DE 19803

The Wilmington Area Planning Council (WILMAPCO) and Delaware Department of Transportation (DeIDOT) have initiated a study for the feasibility of creating a pedestrian/bicycle pathway under Concord Pike/US 202 at Rocky Run near Widener University.

The study will consider the use of the existing culvert for a pathway connection under Concord Pike at this location and expanding the current trail network to better connect recreational areas, retail, restaurants, and neighborhoods. The study is also evaluating other options to the culvert in the vicinity, including an overpass and an at-grade crossing at existing traffic signals.

Attend the workshop to learn more about the feasibility study, review preliminary technical analyses, and provide your input and feedback.

The in-person workshop will have a brief presentation at 4:30 p.m. that will be repeated at 5:30 p.m., but you can attend anytime between 4:30 p.m. and 6:30 p.m.
